Equantu production line

01

Shortlist

Choose models and share your target market and quantity.

02

Customise

Logo, packaging, manual language and retailer kit.

03

Approve sample

Confirm a pre-production sample before mass production.

04

Produce and ship

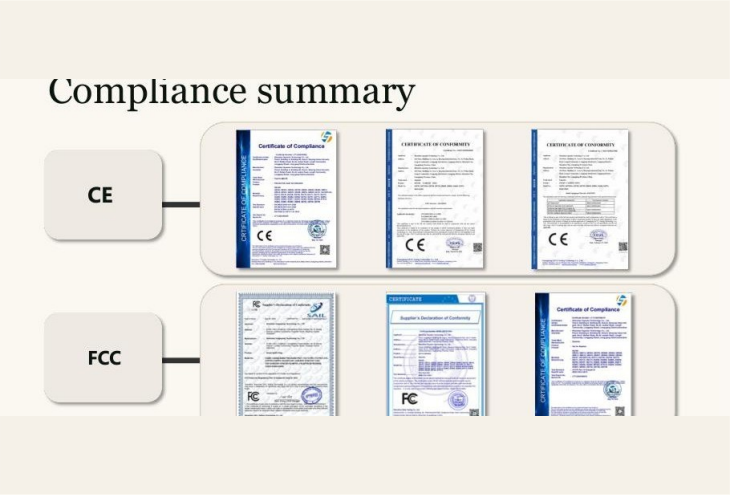

Typically 25–30 days after sample approval, with QC inspection.

All Quran speakers use ABS plastic housings.

Equantu

Ask for the files your market requires.

Certificate scope is confirmed per model; SKU copies on request.

Compliance

CE, FCC and RoHS by model; MSDS / UN38.3 for battery models; ISO 9001 quality system, company-wide.

Testing and QC

In-house product testing, with a QC inspection report and photos for each production order.

Buyer documents

Spec sheet, product catalog, certificate overview and retailer listing kit.
